Soft Skills

- Adaptability Problem-solving
- Effective communication
- Critical thinking
- Time management

Summary

Passionate web developer with knowledge of HTML, CSS, JavaScript, databases, MERN Stack, and Django. I've built projects like an AI-based summarizing website and enjoy exploring new technologies. Currently pursuing MCA and eager to learn, grow, and contribute as a developer.

Projects

E-Waste Management System

- Developed an online portal for collecting e-waste from institutions.
- Tech Stack: MERN Stack

AI Summarization Website

- Created a platform where users can input text and get AI-generated summaries.
- Tech Stack: Flask

Portfolio Website

- Built a personal website showcasing my resume, projects, and background.
- Tech Stack: HTML, CSS, JavaScript, Bootstrap

Online Portal for Sapling Sales

- Designed a responsive web app for sapling sales and management.
- Tech Stack: HTML, CSS, JavaScript, PHP, MySQL

Online Military Communication System

- Developed a secure communication system for military support requests.
- Tech Stack: Python (Django), MySQL
